Special Case Announcement : Explanation about the news in the media

We would like to make the explanation below about today's news on "Transit production shift from Gölcük Plant to Kansas, USA, due to syndicate pressure."

As disclosed in our special case announcement dated June 15, 2011, the capacity of Kocaeli Plant is targeted to reach 400 thousand vehicles after the investments for next generation Transit and new light commercial vehicle are completed. Currently, there is no export of Transit model to USA and the projection regarding this capacity increase does not include any future plans related to Ford Transit export to the US market. Therefore, Ford Otosan's investment, production and export operations shall not be affected in any way.

Ford Otosan Kocaeli Plant is the largest production center for Ford Transit model. This position will be maintained with the next generation of Transit vehicle with increasing capacity.

We affirm that the disclosure above is in accordance with the provisions of the Capital Market Board communiqué Serial: VIII No: 54, it reflects all the information we collect about the subject, and this information is consistent with our records and documents. We spend utmost efforts in order to obtain complete and correct information about the subject and claim full responsibility for these disclosures.
