REMUNERATION POLICY FOR THE BOARD OF DIRECTORS AND EXECUTIVE MANAGEMENT

This policy determines the remuneration system for the Board of Directors and key executives composed of Ford Otosan Leaders and Leaders reporting directly to Ford Otosan Leaders. In accordance with the Turkish commercial code and Article 12 of Ford Otomotiv San. A.Ş. Articles of Association, a fixed remuneration is determined for the board membership functions of all members of the Board at the Annual General Meeting of the Company.

Besides, Executive members of the Board are compensated in accordance with the policy established for senior executives, as outlined below.

In addition to the fixed remuneration that is determined by the Board of Directors for their board membership, additional payment can be granted to the Board members who have been assigned specific duties to support the activities of the Company, the amount of which is to be determined in consultation with the Nomination and Remuneration Committee.

In respect of remuneration of the Independent Members of the Board of Directors, a payment plan based on the performance of the Company may not be used.

Expenses incurred by the members of the Board of Directors on account of making contributions to the Company (e.g. transportation, telephone, insurance) can be paid by the Company.

The remuneration of senior executives consists of two components, which are fixed and performance based. Our remuneration management systems are established and applied in line with fair, objective, competitive, rewarding and motivating criteria and primary goals that recognize high performance.

Fixed salaries of executives are determined in accordance with international standards and legal obligations by taking into account the prevailing macroeconomic data in the market, the salary policies prevailing in the market, the size and long-term targets of the Company and the positions of the persons. With the remuneration policy, the main goals are to increase employee motivation and engagement by taking into consideration internal equity in the company and market compatibility, and to attract employees that have competencies capable of achieving our strategical business goals.

Bonuses for executives are calculated according to the bonus base, the performance of the Company and the individual performance in a way that will support companies to exceed business goals encourage high performance and reward sustainable success. A summary of the criteria is as follows:

- **Bonus Base:** Bonus Bases are updated at the beginning of each year. They vary depending on the work volume of the executives' positions. When updating the bonus bases, senior management bonus policies in the market are taken into account.
- **Company Performance:** The performance of the Company is determined at the end of the year by measuring the financial and operational targets (i.e. market share, exports, overseas operations, productivity) assigned to the Company at the beginning of each year. In determination of the Company's targets, the sustainability of success and the degree to which it incorporates improvements over previous years are the principles taken into account.
- **Individual Performance:** In the determination of individual performance, the individual and collective objectives and key results determined by senior executives together with their teams and executives are taken into account. In the measurement of individual performance, the principle of achieving long-term sustainable improvement in areas and compliance with Environmental, Social and Governance (ESG) policies apart from the financial dimension are also observed.

Severance payments may be granted to the key executives by taking into account total term of service, term of service as an executive, as well as contributions made to the Company, the recent bonus base, and the salaries and bonuses paid in the last year of service.

Total amounts determined by the above principles and paid to the members of the Board of Directors during the year are submitted for shareholder approval at the next General Meeting.
